Hope Hospital, Salford, Manchester, UK

Professor Julian Walters

Imperial College, London, UK

International Faculty

Dr Michael Schumann

Hospital Charité, Berlin, Germany

Research opportunities at the Royal Hallamshire Hospital

Are you interested in a research opportunity? The five previous research fellows have all been awarded their MDs and published up to 20 publications (3-5 original papers).

We are always interested in enthusiastic trainees at any level who would like to do research. Even if you would only wish to write a single paper or case series we can help. We have a wide choice of research areas - come and chat to us! david.sanders@sth.nhs.uk

Registration Free

To register your place please contact Deborah French on **0114 226 1179** or email Deborah.French@sth.nhs.uk

CPD accreditation available - 4 points

The Fourth Annual Sheffield Gastroenterology Symposium

Holiday Inn Royal Victoria, Sheffield
Friday, September 21st, 2012

Dear GI Friends and Colleagues,

Thank you for your continued support of this meeting. This is the 4th Sheffield GI Symposium (under the auspices of the BSG). The idea behind this meeting is to try and provide an update in many different areas of our practice. There are national and international speakers providing evidence based overviews of topics which are perhaps contentious. We hope that the talks are relevant and will influence your clinical practice. The programme provided will offer both lectures and case-based discussions.

CPD accreditation is available (4 points)

Last year we had >150 delegates on the day and your feedback/evaluation forms suggested a >90% 'good' to 'excellent' rating. We think this is partly based on the fact that the topics are selected or requested by the audience. We really want to stress that this meeting is for everyone: trainees, consultants, associate specialists, nurses from endoscopy, clinics, or GI ward background, dietitians, general practitioners with a specialist interest in GI, even junior doctors who fancy a career in gastroenterology or just an update - anyone with an interest in gastroenterology! So please share this brochure with anyone in your department who you think may be interested.

The meeting is entirely free. There are 150 places. We have to pay for the delegates upfront (approximately £100 per person) and for this reason I really want to make a plea that if you have registered and are not able to attend please let us know so we can let someone else use that place.

To register, please email Deborah.French@sth.nhs.uk with your name, position, hospital base, contact number and email address. Please also let us know if you have any dietary requirements.

The venue is easily accessible (just off the A57 on the outskirts of Sheffield city centre, thus avoiding traffic). Parking is free of charge. All delegates will be provided with relevant papers and reviews which will hopefully augment talks (on the day).

We do hope you will attend. We would like this meeting to be a regular slot in your CPD calendar today, and in the future. Thank you in anticipation.

Best wishes,

David S Sanders,

Royal Hallamshire Hospital,

Sheffield Teaching Hospitals NHS Foundation Trust

The Fourth Annual Sheffield Gastroenterology Symposium

*A symposium of the British Society of
Gastroenterology*

Holiday Inn Royal Victoria, Sheffield
Friday, September 21st, 2012
